

Dev Update, Nov 22 2022

Current Status

## Governance

No updates, plenty of NFT's still available

[governance.sobloks.com](https://governance.sobloks.com)

## Current Status

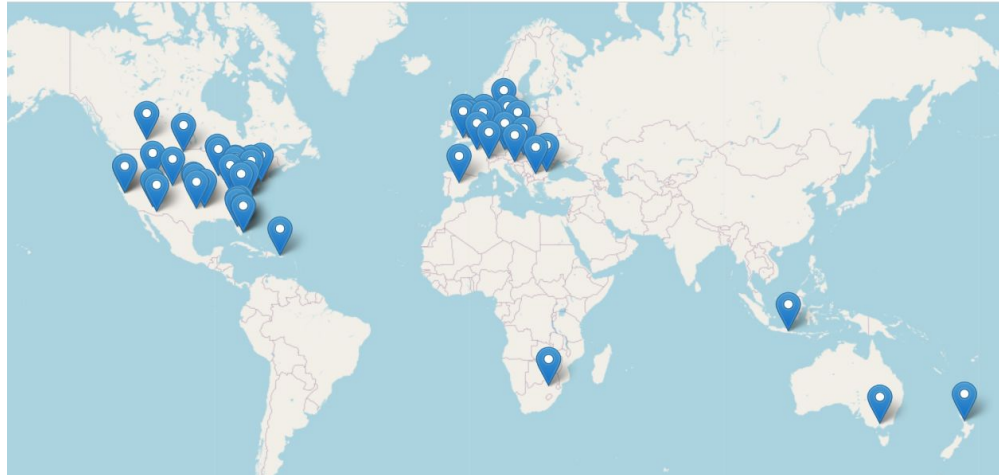

Current sprint is 0.5.8

Focus has been performance and bug fixes, along with UI updates for NFT holders.

## Current Status

### Quick metrics

- Almost 200 users have requested invites and been approved
- Almost 100 posts
- Almost 150 comments

## Current Status

### 0.5.8 (11/22/2022)

- You can now comment 'in line' instead of just going to the post details.
- More ui updates for MOC/SB Gov NFT holders.
- Added a "Who to follow" widget based on *score*.
  
- Bug fix: Refactored out the posts for bugs, better api performance.
  - Links and content in posts and comments should display better.

## What's next

For 0.5.9 we'll be working on

- Boosting (tipping)
- Sending BLOK internally to NFT holders
- Updating the 'score' of a post to include all rewards given

## What's next

For 0.5.9 we'll be working on

- Boosting (tipping)
- Sending BLOK internally to NFT holders
- Updating the 'score' of a post to include all rewards given

## KYC

- Going to start narrowing down providers
- Only way to withdrawal/deposit BLOK
- Only way to be *verified*

Recap

Current sprint is 0.5.9

0.5.8 will be deployed today (11/22)

Boosting, internal BLOK actions

Internal KYC work begins

Thanks
